SUBJECT: Updating DCI's Worldwide Briefing

1. The Director is scheduled to present his worldwide briefing to the Defense Subcommittee of the House Appropriations Committee on Tuesday, 28 February, at 10:00 a.m. The Committee has requested a copy of his text by Tuesday, 21 February. In order to meet that deadline, I will need from each of you an updated version of your portion of the presentation by close of business Friday, 17 February. I believe the easiest approach for all involved would be to simply have you annotate your portion of the attached draft.

2. If I can do more to help, please call.
